

How to order a 1-Year Reserved Instances for RDS.

It is now possible to order a 1-Year Reserved Instance for RDS (mySQL, postgreSQL, msSQL database types) via and in a few clicks in the Service Catalog section of the Cloud Customer Portal to benefit from this service at a reduced price.

Please find below a step-by-step guide about your ordering journey.

- **How to order:**

- You must log in to your cloud customer portal and click on the Services tab:

- Then, you have to select the new Reserved Relational Database Service instances (RDS) offer:

- Access the ordering screen:

Subscription order for the contract OCB0005232 ✕

Reserve Relational Database Service instances (RDS)

from €67 month
Excl tax catalog price

RDS instances
ECS instances
Windows OS licenses
Summary

1. Please select the region and resource flavor you wish to subscribe to. Warning: subscribing to a Reserved Instance is a pricing option and does not guarantee resource availability. If your target flavor is not already in use, it is recommended to check the availability on the technical console.
 2. Please select the subscription type (with or without initial payment) and the duration on which you wish to make your booking.

- Choose the desired region and flavor among a wide selection:
